

# Whetstone Pastures

## Help shape a new garden village for south Leicestershire

What should this new community look and feel like?

Should it include affordable homes, family-friendly parks, vibrant public spaces, or better transport links?

Now's your chance to help decide.

Have your say on the draft Concept Framework Plan.

This is your opportunity to shape the character, layout, and priorities of a bold, people-first development.

Your voice matters. Help shape a community built for the future.
